

Dear Customer

At year 2012 OEM International acquired Vanlid Transmission AB.
During April 2016 Vanlid Transmission will integrate with OEM Motor an act as one company.

Together we can offer wide range products covering motors & gears, timing belt & pulleys, gear wheel, chains in combination with linear products and a strong range of motion control products.

Customer to Vanlid Transmission or OEM Motor will obtain unchanged conditions and terms.

We will be able to offer future deliveries from one warehouse with increased support to you for all our products range.
